CHAPTER 1

SALES REPRESENTATIVE
ROLE

WWW.STATLINK.IO

SALES REPRESENTATIVE ROLE

Role:

As a Sales Representative, you are responsible for overseeing the entire sales process from start to finish.

This includes:

- Prospecting and outreach.
- Leading product demos.
- Closing deals.
- Ensuring a smooth onboarding experience for new clients.
- You also play a crucial role in customer success and maintaining a continuous feedback loop, providing valuable insights for the software development team to enhance the product.

SALES REPRESENTATIVE RESPONSIBILITIES

Responsibilities:

- **Acquisition of New Clients:** Identify potential clients and initiate outreach to introduce StatLink.
- **Scheduling and Securing Product Demos:** Engage prospective clients to schedule a demo.
- **Executing Full Product Demos:** Lead effective, informative demos that highlight key features and benefits, positioning StatLink as the ideal solution for their sports performance and management needs.
- **Onboarding New Clients:** Ensure seamless onboarding for new clients, guiding them through account setup for both managers and players, and addressing any questions or concerns.
- **Trial Management:** If necessary, offer a 2-week trial period and provide support to maximize user engagement and experience during this time.
- **Closing Sales:** At the conclusion of the trial period, work to finalize the sale by addressing any remaining client concerns and solidifying the partnership.

CHAPTER

INTRODUCTION AND
OUTREACH

WWW.STATLINK.IO

INTRODUCTION AND OUTREACH

Leverage Your Network for Warm Introductions

Warm introductions consistently result in higher conversion rates compared to cold outreach. Utilize your network to generate these valuable connections and increase the likelihood of success.

Methods for Outreach:

- Primary Method: Email
- Secondary Method: Call / Text
- Tertiary Method: In-Person Meeting

Materials for Outreach:

- Contact anyone at DSA Labs and/or browse the Google Shared Drive for our flyers, decks, and other visual aids
- Contact anyone at DSA Labs if you need help with contact lists and/or email templates

INTRODUCTION AND OUTREACH

Tasks and Objectives:

Send an Introductory Email:

- **Introduction:** Explain who we are, what StatLink offers, and how our solution can address their needs.
- **Supporting Materials:** Attach the StatLink Deck or Flyer.
- **Call to Action:** Schedule a product demo.

Set Up a Meeting:

- Use Google Calander / Meet to arrange the demo.

3. Track the Sales Process:

- Record key details and the sales cycle in Pipedrive.

Pipedrive has a board with 7 pipeline columns:

- Qualified
 - Contact Made
 - Demo Scheduled
 - Send Proposal
 - Proposal Sent
 - Send Invoice
 - Invoice Sent
- Track “Won and Lost” deals at any point in the pipeline

PRODUCT DEMO AND
SALES PITCH

WWW.STATLINK.IO

PRODUCT DEMO AND SALES PITCH

1. Introduction:

Introduce yourself and your role. Briefly explain that StatLink is an innovative platform for simplifying player evaluation and talent identification.

2. Pain Point:

Acknowledge the common challenge: coaches have plenty of data but struggle to turn it into actionable insights.

3. Solution:

Present StatLink as the solution that transforms raw data into clear, easy-to-understand insights.

4. Benefits:

Highlight key benefits: easy implementation, time-saving, and the ability to make data-driven decisions that can enhance team performance.

5. Call to Action:

Suggest a demo or trial period to let the coach see StatLink in action. Offer to walk them through a few use cases specific to their team.

6. Closing:

Thank them for their time and express your enthusiasm about the possibility of working together.

PRODUCT DEMO AND SALES PITCH

Introduction:

- "Thank you for taking the time to meet with us today. I am [Your Name] and this is [Name of Whoever Else On the Call]. We represent DSA Labs, a startup software company that provides solutions for the intelligent management of your sports data."

DSA Labs's Mission:

- Our mission is simple yet powerful: to revolutionize the sports industry through the intelligent management of data.
- Replace the Coaches Clipboard!

How We Achieve This:

- We've built StatLink, an innovative platform designed to help sports organizations transform their data into actionable insights.

-

What is StatLink?:

- StatLink is a web-based software application with two main products:
 - The **Manager Dashboard** has a suite of data collection and analysis tools.
 - The **Player Profile** is a comprehensive dashboard that serves as an athlete's resume augmented by data.

Client Interview: Key Questions

Use these questions to start the conversation and gain a better understanding of the client's current processes, challenges, and needs. Their responses will help you tailor your approach and present how StatLink can solve their specific problems.

1. Current Technology Use:

- What hardware or software solutions are you currently using within your club/team/organization?

2. Tracking KPIs and Metrics:

- Are you currently tracking any key performance indicators (KPIs) or metrics for your teams and players?

3. Player Evaluations:

- How do you evaluate your players throughout the year?

4. The Big Question:

- What Do You Do With Your Data?

PRODUCT DEMO AND SALES PITCH

Introducing the Manager Dashboard

Share your screen and walk through each page:

Home:

- Quick access to roster management, last submissions, and top players.

Analysis:

- All of our analysis tools including Player Trends, Player Rankings, Dynamic Rankings Table, Report Generation, Master Submission List, Depth Chart.

Data Entry:

- The primary area for entering and uploading data for your team and players.

Search:

- The StatLink database of players and teams.

Account -

- Account management.

CHAPTER

CUSTOMER SUCCESS AND
FEEDBACK LOOP

WWW.STATLINK.IO

CUSTOMER SUCCESS AND FEEDBACK LOOP

Post-Onboarding Customer Success

- Follow up with the client 1-2 weeks after onboarding.
- Inform them that they can reach you, support, or any member of the team if they need assistance.
- Any Questions or Difficulties?

Join the StatLink Community:

- Join Our Discord: Connect with our community of coaches, managers, and support staff for tips, troubleshooting, and feature requests.
 - Invite Link: [Join Discord](#)
- Establish a feedback loop to regularly gather insights, track any issues, and collect feature requests from clients.
 - Log all client feedback in Slack or JIRA to track bugs, feature requests, and improvements.
- Keep clients informed about new features and improvements with regular product updates and optional webinars to showcase these changes.
